Sir,

In forwarding herewith copy of letter No. 4846 dated 24th May 1916 from the Chief Engineer, recommending the grant of a conveyance allowance of Rs 40/- per mensem to Mr. C. Kuppusawmy Pillay, Assistant Surgeon in medical and sanitary charge of the Cauvery Reservoir Works, Kannambady, I have the honor to state that I fully agree with the opinion of the Chief Engineer and request that Government may be pleased to sanction the grant of the said allowance to the Assistant Surgeon in addition to his pay and present local allowance and in conformity with the practice followed in the case of officers of the Public Works Department working in that area.

Letter No.4864 dated 24th May 1916 from the Chief
Engineer, Mysore Government, to the Senior Surgeon, Mysore
Government.

I have the honor to inform you that Mr.C.Kuppusawmy Pillay, Medical and Sanitary Officer, Cauvery Reservoir Works, has applied for the grant of a conveyance allowance to him as he has been maintaining a horse for inspecting the camps.

2. The Superintending Engineer, Cauvery Reservoir Works, supports his application on the ground that the Assistant Surgeon has much travelling round his head quarters, as the cooly camps are now greatly scattered. I can testify to the recommendation of the Superintending Engineer. If you agree to the proposal, an allowance of Rs 40, the same as is granted to the Assistant Engineer, may be recommended for Government sanction.

3. I may add that, similar to Assistant Engineers posted to the Cauvery Reservoir Works, Mr. Kuppusawmy Pillay is now getting Rs 100 as local allowance, while he does not draw the conveyance allowance though he has equally extensive travelling.

With reference to the Chief Engineer's letter No.5/ C.R.S., dated 6-11-1917, I have the honor to forward herewith a tracing plan with a statement furnishing information regarding labour camps, and their distances from the office. The camps that are existing from the commencement are shown in yellow. The camps abandoned are marked in green. The camps newly erected are shown in yellow hatched.

2. The Assistant Surgeon in charge of the Hospital at Krishnaraja Sagara Works visits the camps in the capacity of a Sanitary Officer generally and as a Medical Officer, when necessity arises.

3. Formerly, some of the camps were somewhat nearer to the work site. They were shifted to other places, some on Sanitary grounds and the rest when epidemics, such as, Cholera and Plague broke out.

4. He visits the camps about four times a week at ordinary times for supervision of Sanitation work. But, when there is an epidemic in the camps or in the villages close to the work, he goes round almost daily.
